

Pump-registration

Thank you for your confidence in us over the last 40 years
 We're celebrating 40 years of garden pump expertise. Celebrate with us and get a 40-month anniversary warranty*.

* Register your pump within 3 months of the purchase date (starting 01.01.2019). For more information about the terms of the warranty, please refer to the operating instruction.

Tip

To register your pump you need the serial number.
 Here some examples how to find the serial number on the type plate on your pump.

serial number in the bar code
 6-digit, without the leading 0

serial number on the type plate
 marked with: Ser.Nr. oder S/N
